LOGLINE

A struggling, out of work actor has one month to improve his image. So, in a paranoid frenzy, he hires an adorable studio security guard to play the role of his new girlfriend.

MOOD

Chris feels alone as an actor. And even more isolated as a boyfriend to mega-diva actress Gina Giovanni, whose a reliable source of inappropriate behavior and bad press. It is not until he hires Sidney to play the role of his new girlfriend that his moral journey begins. We want to spotlight the awe of finding someone who actually brings out the best in you.

CHRIS TAYLOR

Chris Taylor was born & raised in New Jersey. Acting became Chris' game plan after he played both Romeo & Juliet in the 6th grade. With his nerdy sincerity and insatiable appetite for meatier roles, Chris is prone to rash decisions, poorly edited tweets and artistic impulses.

When Harry Met Sally
Favorite Quote: "A pessimist is a person who has had to listen to too many optimists"

GINA GIOVANNI

Vain, condescending and always hungry for attention, she was once regarded as "Staton Island Trash." Raised with the misguided sense that she is inheritantly better than everyone, Gina prefers to keep Chris just close enough and under her thumb.

Age: 47

Real Name: Dolores-Lee Mable Travenski

Favorite Movie:

Any movie where she is the star

Motto: I don't share food or booze

Theme Song: "Ghetto Superstar"

RONNIE PARKER

Expertly snarky and over-caffeinated, movies are background noise to Ronnie's true ambition in life...world domination.

Ronnie embraces awkward silences and uncomfortable situations. Flawed and raunchy, she commands every room she enters.

Age: 52

Favorite Movie:

None. She hates movies

Motto: I don't believe in

astrology; I'm a

Sagittarius and we're

highly skeptical

Theme Song:

"Superstition"

MANNY

Chronically adolescent at times, Manny's personality is always on full display. Delightfully out of touch with reality, Manny charts his own path. He is slick, loveable and often exhausting.

Born to be a chalk outline, he is the perfect specimen of chaos.

Age: 32

Favorite Movie:

The Muppet Movie

Goal in Life: A fat free version of himself with abs of steel

Theme Song: "Let It Go" from "Frozen"

COLOR

My guideline is to feature colors that visually captivate and artfully elevate every scene. I prefer hues and tones that will amplify a characters personality or philosophy
